Expressions of Interest

To better engage with the community about our business and ongoing activities related to the Used Lead Acid Battery (ULAB) Recycling Facility at Hazelwood North, we are forming a Community Liaison Committee (CLC).

This CLC will provide a mechanism for ongoing and proactive discussion among local community members and stakeholders.

The CLC will operate under the CLC Terms of Reference that will outline the roles and responsibilities of the CLC and Committee facilitator, as well as the rules of engagement.

We are committed to engaging with relevant stakeholders, taking into account local environmental conditions and working with local communities. The CLC gives us the opportunity to consult and engage with community members and stakeholders with an interest in facility operations.

If you are interested in becoming a member of the ULAB CLC, we invite

you to submit an Expression of Interest. This should outline;

- Your reasons for becoming a member of the ULAB CLC
- The unique experiences and knowledge you bring to constructively contribute to the ULAB CLC

If you require further information about the EOI process, please contact Chunxing Corporation Pty Ltd Communications Support, Tracy VanderZalm of Wordwise Communications on 0447 491 345 or email tracyvanderzalm@outlook.com.

Post or email your Expression of Interest before 15 March 2021 to;

Dr. Lakshman Jayaweera
CEO Chunxing Corporation Pty Ltd
(Australia)
