A.C.N. 632 456 538

A.B.N. 50 632 456 538

Appointment Statement

Chunxing Corporation is pleased to inform that it has appointed local project management and engineering professional, Robin Krause, to the position of Senior Project Coordinator / Engineer for the Used Lead Acid Battery (ULAB) recycling facility at Hazelwood North.

With more than 20 years' experience across a number of diverse industries in the Latrobe Valley, across Australia and internationally, Chunxing Corporation is confident in Mr Krause's expertise that will no doubt be a valuable asset throughout the design, planning, development and commissioning stages of the facility.

Mr Krause's knowledge extends from planning, delivering and managing large scale projects to training and mentoring staff, and managing community and stakeholder engagement at a grass roots and State Government level.

His exceptional track record in delivering innovative projects is a valuable asset to Chunxing and we look forward to his positive contribution to the ULAB recycling facility.

Mr Krause will commence his appointment with Chunxing Corporation on Monday 1st February 2021.

Given the right qualifications and expertise, Chunxing Corporation looks forward to employing more local professionals as the project enters the construction phase mid 2021.

Regards,

Dr. Lakshman Jayaweera
